

INDEX to
La Crónica de Nuevo México
Compiled by Barbara H. and John B. Ramsay
Los Alamos, NM

This edition of the INDEX includes all 100 issues of La Cronica de Nuevo Mexico. It is being issued in recognition and respect of the dedicated service sincerely provided by Dr. Carleen Lazzell. Carleen stepped up and took over the management of La Cronica after the death of John Conron. John started the La Crónica de Nuevo México publication of the Historical Society of New Mexico, in 1976 and Pedro Ribera-Ortega suggested the name. Carleen took over the editing and publication after John's death. She produced a major contribution to the presentation and preservation of New Mexico History.

There is not a fixed publication schedule but it has been two to four issues per year, with the number of pages of each issue depending on the amount of material being reported. Each issue includes articles of a scholarly nature plus material of interest to the Society members. This INDEX is complete from 1976 though July 2014. Major historical libraries in the state have collections of back issues.

Four indices have been prepared to ease the difficulty of locating an article. The first is a chronological listing of all titles together with the author(s); the second is an alphabetical listing of author's names and the issues in which the individual published. The third section provides a list of obituaries published starting in 2010 plus a few articles from earlier issues. A keyword index is the fourth section and may aid in locating a topic when the original title has been forgotten. A user is cautioned that authorship of some articles is indicated only by initials and some have no author indicated. The compilers judgment was used to select the keywords. Errors in omissions, spelling, location, etc. and suggestions discovered by readers can be submitted via the Historic Society's email address, hsnminfo@hsnm.org.
